To Whom It May Concern:

Please accept this letter as a recommendation for the tax recovery services of Utility Audit Company, Inc. UAC has been assisting Saint Vincent Health System in recovering taxes on our telecommunications bills.

UAC is extremely easy to work with and a minimal amount of time was required from our staff in providing them with the information necessary for them to do their work. They prepared and filed all of the required documentation and claims for refund and followed up until the refunds were complete and checks issued to us. If a claim is denied, UAC will review the reason why and file an appeal if necessary. From my experience they will continue to pursue a valid claim until all avenues are exhausted.

I highly recommend Utility Audit Company, Inc. to any tax-exempt organization interested in recovering overpaid taxes on their utility and telecom bills. Please call me at 814-452-5055 if you would like to discuss this further.

Sincerely,
